ADJOINING PROPERTY OWNERS

It shall be the owner/contractor's responsibility to notify all utilities and obtain disconnection dates. All utilities must be abandoned and protected in accordance with the requirements of the respective utility company **PRIOR** to the issuance of this permit.

All potentially affected adjoining property owners must be notified prior to the beginning of demolition.

During the proposed demolition, it shall be the contractor/owner's responsibility to maintain the site in a safe and sanitary condition.

Any buried LP gas or fuel oil storage tanks must be removed. Septic tanks must be removed, filled in or collapsed.

Sewer and water lines must be terminated at the property line or in a location approved by the Village Department of Public Works.

Wells must be plugged by a licensed well driller. All demolition debris must be removed from the site, disposed of in an approved landfill, and be in compliance with all Federal, State, County and Village regulations.

Upon completion of demolition, it shall be the contractor/owner's responsibility to fill and grade the lot to conform with established street grades, and adjoining property. Provisions shall be made to avoid the accumulation of water, rubbish, and all other unsafe and hazardous conditions.

I, owner/contractor, hereby certify that the information contained in this application is correct and that I will abide by all applicable laws of the Village.

Signature: Contractor/Owner

Date:

This application requires a picture of the building to be demolished and a hand drawn site plan that accurately depicts the property, all existing structures, and those structures proposed to be demolished. Include the type of construction and age of the building on the application.
